

BOONDOOMA HOMESTEAD IS OPEN FOR VISITORS

In response to the Premier's announcement yesterday, Boondooma Homestead is open for day visitors and Campers.

If you plan to visit Boondooma Homestead, please be aware that our number one priority is the health and safety of our caretakers and our guests.

ALL visitors to the complex will be required to complete a COVID 19 VISITOR DECLARATION FORM before being allowed entry to the complex. Depending on the response to the questions on this form, people may NOT be allowed entry. Any person displaying symptoms of COVID 19 will be required to contact Queensland Health and leave the complex.

We are taking extra precautions across the complex. Cleaning activity will be increased so that all facilities will be as safe as possible. Signs will be displayed showing the numbers permitted in toilet facilities and the shower block, museum, stone store, homestead, and souvenir shop. Campers with self-contained vans will be encouraged to use their own facilities.

Social distancing restrictions will be enforced. All visitors are expected to keep the 1.5 metres apart.

We welcome you back to Boondooma Homestead but be patient as restrictions are in place.
